

Bailey's Chipper Knife Grinding Service Form

Bailey's Inc 1222 Commerce Ave. Ste. D Woodland, CA 95776

Thank you for choosing Bailey's Chipper Knife Grinding Service. Bailey's employs top-notch service technicians and offers precision sharpening using professional Göckel knife grinders.

Shipping When shipping your chipper knives, please be sure they are well protected and packaged. Include this Bailey's Chipper Knife Sharpening Service form with knives. We also recommend purchasing a Chipper Knife Storage Box, available in several sizes for shipping and returning your chipper knives.

Inspection Upon receipt, chipper knives will be cleaned and thoroughly inspected for hairline cracks, chips, and straightness. If any of your chipper knives have a hairline crack or are bowed, you'll be contacted and notified that Bailey's cannot sharpen the knife or knives for fear of knife failure and possible damage to your machine. When and if a chipper knife has chips on the cutting edge, Bailey's will sharpen the knife-edge to an 80% cutting usage unless the customer requests a 100% cutting edge grind. We find that most of the time it's not necessary to grind the knives completely back to a 100% edge and is less economical to do so.

Price \$1.25 Per Inch (Single Side) Up to 5/8" Thick Knives

Price \$1.50 Per Inch (Single Side) 3/4" & Up Thick Knives

Return Knives To: *Please print this form and send it with knives.* **(Type or Write Below)**
